FOR IMMEDIATE RELEASE

CPA TO TEACH QUICKBOOKS PRO

The Education & Life Training Center (ELTC) has hired Cristie Will, a Certified Public Accountant, to instruct their new evening QuickBooks Pro class. Cristie is the president of Sensible Office Solutions and a QuickBooks Pro Certified Advisor.

Participants create their own business in the class, learning to incorporate the necessary accounting elements into that business. For small business owners, this hands-on approach is very relevant to the real world. Classes will begin again at the end of October.

ELTC is an adult learning center offering employment skills training in the areas of computer, medical office and language & literacy.
